Somerville, MA 02144-2516

Dear Mr. Nash:

This letter is in response to your Virginia Freedom of Information Act requesting materials related to and sufficient to show all instances of alleged or actual inappropriate or illegal behavior or actions resulting in compensation or expenditures involving this agency. Responsive materials include records of all settlements (formal and informal) and payments to which this agency was or is a party for the period from January 1, 2010 through the date this request is processed. Responsive materials include those for matters and legal claims resolved prior to the initiation of any litigation. In particular, materials responsive to this request include all reports, lists, databases, spreadsheets, and other documentation detailing incidents of legal claims or other allegations requiring compensation for claimants, attorneys, or any other party. If spreadsheets or similar documents are available in response to this request, please provide all segregable data, including but not limited to:

- The nature of the claim or legal matter
- The claimant and other parties involved
- The relevant case and tracking numbers for court and internal systems
- The date the lawsuit was served or litigation commenced
- The final disposition or current status of the case, including whether a case is still pending
- The amount spent to date as a result of the legal engagement
- The amount paid to any parties related to the legal claim, including any city payout and any non-monetary compensation

Please be advised the County is requesting seven additional days to respond to your request due to it being voluminous and the gathering and reviewing of any potential records. Therefore, the County is invoking subsection B 4 of § 2.2-3704 to provide us with seven additional working days to respond to your request. We hope to provide a response to you sooner than by the 7th working day following today.

Thank you for contacting this office.

Sincerely,

Ina Chandler

Ina Chandler
Arlington County FOIA Officer
